

**GENERAL TERMS AND CONDITIONS OF SOLICITATION/ PURCHASE FOR
COMMERCIAL ITEMS PURCHASED UNDER U.S. GOVERNMENT CONTRACTS
(Version 5/2026)**

1. ACCEPTANCE AND TERMS AND CONDITIONS

- A. If Seller receives these **General Terms and Conditions or Solicitation/Purchase for Commercial Items Purchased Under U.S. Government Contracts** (“General Terms and Conditions”) as a result of Seller’s participation in a Lyme Computer Systems, Inc., or Lyme Technology Solutions (both hereinafter contained in the reference “LYME”) solicitation (RFI/RFQ/RFP), then Seller agrees to be bound to these General Terms and Conditions by submitting Seller’s response or offer to LYME, except to the extent that Seller has objected in writing to specific provisions, excluding however any objection to the Federal Acquisition Regulations (“FAR”) Clauses and Supplements Clauses cited and incorporated in Section 33 which specify that Seller provides a certification by submission of its offer (objection to those shall result in the automatic rejection of Seller’s response or offer).. For all written objections submitted by Seller, LYME may, in its sole and absolute discretion, reject such objections as nonresponsive or elect to negotiate alternative terms. Seller acknowledges that performance, shipment, or acceptance of payment constitutes full acceptance of these Terms and Conditions notwithstanding any contrary or additional terms proposed by Seller.
- B. If Seller’s Purchase Order (“PO”) from LYME (including all subcontract instruments deemed to constitute a PO, as set forth in Section 1, E) makes reference to these General Terms and Conditions, Seller shall accept this PO and any Amendments thereto by commencement of performance.
- C. By acceptance of this PO, Seller agrees to comply with all of its terms and conditions and specifications, including those contained in all documents incorporated into this PO by reference. These General Terms and Conditions of Purchase are hereby incorporated to this PO. Lyme objects to any terms and conditions contained in any acknowledgment of this PO which are different from, or in addition to, those recited in this PO.
- D. Failure by LYME either to enforce, at any time, any of the provisions hereof, or to protest at any time any breach or default thereof, shall not be construed as evidence to interpret the terms and conditions of this PO, nor as a waiver of the terms and conditions of such provisions, nor of the right of LYME thereafter to enforce each and every such provision. LYME’s approval of documents shall not relieve Seller from compliance with the terms and conditions and specifications governing this PO.
- E. Any inconsistencies shall be resolved in accordance with the following descending order of precedence:
- a. Face of the PO (which term shall include PO continuation sheets, Master Agreements, other subcontract instruments, and the Amendments to any of these),
 - b. Special Terms and Conditions (meaning any applicable supplementary provisions and/or negotiated exceptions to these General Terms and Conditions documented as an

- incorporated attachment to this PO),
- c. Statement of Work,
 - d. Federal Acquisition Regulation ("FAR") Clauses and their Supplements,
 - e. General Terms and Conditions,
 - f. Specifications,
 - g. Drawings.
- F. Until final resolution of any dispute hereunder, Seller shall proceed diligently with the performance of this PO in accordance with LYME's direction.
- G. Seller shall make no change in any design, specification, configuration, material, part, manufacturing process, material supplier, or manufacturing location which affects form, fit, function, reliability, or maintainability of goods without the prior written approval of LYME's Buyer; and shall notify, in writing, LYME's Buyer of any proposed change, whether considered to affect form, fit, function, reliability or maintainability or not, including changes related to Commercial Off-The-Shelf (COTS) items, to facilitate Buyer's assessment of impact to any higher level assembly or system. Seller shall insert this clause in each of its purchase orders issued pursuant to this PO, requiring that its suppliers seek its written approval for such changes (which approval shall not be granted until Seller receives written approval for the change from LYME's Buyer when required). Additional requirements associated with process change and configuration control are included in quality clauses invoked by this PO.
- H. Seller acknowledges that it has available to it all specifications, drawings, data, and other documents referenced in this PO and that they are adequate to enable Seller to perform the work called for herein in accordance with the delivery schedule.
- I. Unless otherwise specified in this PO, Seller shall deliver all goods and services in accordance with the applicable specification/drawing revisions in effect at the time of the PO issuance. The latest revision of the Military, Federal or Industry document specified on the specification/drawing is the document that shall be used unless otherwise defined. If a specified document has been cancelled, superseded, or made obsolete, it shall continue to be used (for procurement, certification, process control, etc.) unless an alternative is allowed in accordance with LYME. When a specified document cannot be used, the Seller shall contact LYME's Buyer to ascertain how to proceed. Note that a revision to a Government document that involves the identification prefix (such as: MIL-S changing to MIL-PRF or MIL-DTL, or DOD-STD changing to MIL-STD) shall not be considered a new document. In addition, if design authority for a Government document has been wholly taken over by a recognized industry organization and the document number is essentially the same; i.e., MIL-STD-2175 to AMS-STD-2175, it shall not be considered a new document.
- J. The interpretation and enforcement of this PO shall be in accordance with the laws of the state where the goods are to be received by LYME or where the LYME facility for which the services are to be performed is located, excluding its choice-of-law rules, except that any provision in this PO that is:
- a. incorporated in full text or by reference from the FAR, or
 - b. incorporated in full text or by reference from any agency regulation that implements or supplements the FAR; or

c. substantially based on any such agency regulation of a FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the federal Government.

- K. LYME's rights under this PO are cumulative and in addition to any other rights available at law and equity.
- L. The line-item price for each line in this PO is deemed a Firm Fixed Price, unless indicated to the contrary elsewhere in this PO.
- M. The LYME PO number and line-item number must appear on all correspondence, invoices, packages, and shipping documents.
- N. LYME Accounts Payable Customer Service number is 603-676-3641.

2. SHIPPING

- A. Unless specified differently elsewhere in this PO, shipment shall be FOB LYME's Dock, Freight Prepaid, whereby the Seller shall pay the cost of shipping and insurance to the LYME Dock specified elsewhere in this PO, and shall retain title in the goods until the goods are delivered at the LYME Dock. Charges for shipment shall be amortized into the unit price of the goods.

3. RISK OF LOSS

- A. Seller shall bear all risk of loss during shipment.

4. NEW MATERIALS

- A. The goods to be delivered hereunder shall consist of new materials (not used or reconditioned).

5. INSPECTION

- A. LYME, LYME's customer, and the Government (regardless of whether the Government is LYME's direct customer) may at any time inspect Seller's and Seller's suppliers' facilities which will or may be used in the performance of this PO and may inspect and test all material and workmanship involved in the performance of this PO at any time and place before, during, or after manufacture or completion. No such inspection or test shall in any way relieve Seller of its obligations to furnish all required goods, materials, and services in strict accordance with the terms and conditions of this PO. If inspection and test is made on the premises of Seller or any of its suppliers, Seller shall furnish, or cause to be furnished, without additional charge, all reasonable facilities and assistance for safety and convenience of the inspectors in the performance of their duties. All inspections and tests shall be performed in such a manner as not to delay the work unduly. All goods are subject to final inspection and acceptance at LYME's plant (or at any other location specified in writing by LYME) notwithstanding any payments or prior inspections. Such final inspection shall be made within a reasonable time

after delivery. Seller shall ensure that LYME, and their authorized representatives have the right, upon reasonable notice, to access Seller's and its subcontractors' facilities, records, and systems directly related to performance of this PO for inspection, audit, and verification purposes. Seller shall flow down this requirement to all lower-tier subcontractors.

- B. Seller shall provide and maintain an inspection and process control system acceptable to LYME covering the goods hereunder. Records of all inspection work by Seller shall be kept complete and available to LYME and its customers during the performance of this PO and for such longer periods as may be specified in this PO.
- C. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the PO.

6. MINOR DISCREPANCIES

- A. If the goods contain minor discrepancies which cannot be reworked to conform to 100% of this PO's terms and conditions and specifications, Seller shall report such discrepancies as soon as possible for potential LYME Material Review consideration. The following information shall be included in the report: PO number and amendment, part number, revision letter, part name, serial numbers, quantity of defective parts, nature and cause of defects, and corrective action taken. LYME Compliance Committee will determine the disposition of nonconforming materials/goods and will convey its findings to LYME's Buyer for communication to Seller. Major discrepancies (which are defined as discrepancies which adversely affect performance, durability, reliability, interchangeability, effective use or operation, weight or appearance [where a consideration], health or safety and maintainability and which cannot be eliminated by rework or reduced to a minor discrepancy by repair) will not be considered for LYME Compliance Committee and will not be accepted by LYME nor its material and other costs paid for by LYME.
- B. LYME's requiring reports of discrepant materials or goods shall not imply willingness to accept such material or goods, nor does it relieve the Seller of its performance obligations hereunder.

7. DELIVERY

- A. Delivery shall be at the location described elsewhere in this PO.
- B. If, without written authorization from LYME, Seller ships goods so as to arrive more than thirty (30) days in advance of schedule, LYME may return the goods at Seller's expense. Seller shall not invoice LYME for payment prior to the scheduled delivery date.
- C. If delivery is delayed or threatened to be delayed by any event, Seller shall immediately notify LYME's Buyer of the estimated delay involved and the reasons therefore. Seller shall include the substance of this clause in all purchase orders and subcontracts issued hereunder.

8. TERMINATION FOR DEFAULT

- A. LYME may, by written notice of default to Seller, terminate this PO in whole or in part if the Seller fails to:
- a. deliver the goods or to perform the services within the time specified in this PO or any extension, or
 - b. make progress, so as to endanger performance of this PO; or
 - c. perform any of the other provisions of this contract; and
- in either of these latter two circumstances does not cure such failure within ten (10) days (or such longer period as LYME may authorize in writing) after receipt of the notice from LYME specifying the failure.
- B. If this PO is terminated for default, LYME may require Seller to deliver to LYME any usable supplies and materials, manufacturing materials, and manufacturing drawings that Seller has specifically produced or acquired for the terminated portion of the PO. LYME and Seller shall agree on the amount of payment for such deliverables; LYME will not require delivery of, accept, nor retain unusable materials/goods and documentation/drawings (for example, goods/materials with major discrepancies) and therefore does not agree to payment for these. LYME shall pay the PO price for completed goods that were delivered and accepted.
- C. Seller shall not be liable to LYME for delays in performance occasioned by causes beyond Seller's reasonable control and without its fault or negligence, including but not limited to acts of God or of the public enemy, acts of the government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of Seller's suppliers at any tier provided, however, that the delays of Seller's suppliers at any tier are beyond the control of both Seller and its suppliers and without fault, or negligence of either.
- D. Seller shall promptly notify LYME's Buyer, if Seller is the subject of any petition in bankruptcy.
- E. LYME may immediately terminate this PO, in whole or in part, without cure period, upon the occurrence of any of the following: (i) Seller's violation of applicable law or regulation; (ii) loss or suspension of required licenses, certifications, or security clearances; (iii) cybersecurity incident impacting LYME or its customer; (iv) Seller's debarment, suspension, or credible risk thereof; or (v) breach of confidentiality or data protection obligations.

9. TERMINATION FOR CONVENIENCE

- A. LYME may, by written notice, terminate this PO, in whole or in part, when it is in LYME's interest. If this PO is so terminated, the rights, duties, and obligations of the parties, shall be determined in accordance with Part 49 of the Federal Acquisition Regulation in effect on the latter of the date of issuance this PO or the date of its most recent Amendment. (wherein "Government," and "Contracting Office" shall be deemed to apply to LYME). Seller must submit a termination claim within six (6) months of receipt of initial written notice that this PO has been terminated for convenience.

10. STOP WORK ORDER

- A. LYME may, at any time, by written order to the Supplier, require the Supplier to stop all, or any part, of the work called for by this purchase order for a period of one hundred (100) days after the order is delivered to the Supplier, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order. Upon receipt of the order, the Supplier shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order, including costs incurred by subcontractors, during the period of work stoppage. LYME shall have no obligation to compensate Seller for any costs incurred during the stop-work period unless and until LYME issues written direction to resume work and expressly authorizes an equitable adjustment.

- A. LYME may, at any time by a written notification, make changes within the general scope of this PO in any one or more of the following:
- a. The method of shipment or packing;
 - b. The place of delivery, inspection, and acceptance.
- B. If any such change to the general scope causes a change in the cost of, or the time required for, performance of this PO, an equitable adjustment shall be made in the price and/or delivery schedule, and in other provisions of this PO that are affected. Any claim by Seller for such an adjustment must be made within twenty (20) days from the date of receipt of the change notification. Any agreed adjustment shall be documented in a written Amendment to this PO signed by both parties. LYME, at its unilateral discretion, may approve payment for the adjustment amount in the Amendment before final payment is otherwise due on this PO.
- C. Only LYME's Buyer is authorized on behalf of LYME to issue a notification of change within the general scope or to communicate and negotiate a necessary change outside of the general scope. If any direction or instruction by LYME personnel is deemed by Seller to constitute such a change, Seller shall not rely upon such instruction or direction without the written confirmation of LYME's Buyer.
- D. Seller shall not proceed with any change absent written authorization from LYME's Buyer. Any work performed outside the scope of this PO without such written authorization shall be at Seller's sole risk and expense.

12. INFORMATION DISCLOSED TO LYME

Seller shall thereafter make no further use, either directly or indirectly, of any such information, drawings, specifications, data, or of any derivation there from without obtaining LYME’s written consent. The manufacturer shall also include the manufacturer's batch identification for the item(s) such as date codes, lot codes, serializations, or other batch identifications.

Additional verification of the items may be required prior to allowing the deviation from this requirement. This additional verification shall include inspections and/or tests activities (including, but not limited to include visual inspection, X-Ray inspection, destructive physical analysis, thermal cycle testing, and electrical testing) necessary to assure the authenticity of the purchased product. The Buyer may request copies of such acceptance criteria and records of this activity prior to granting the deviation.
